

Implementation Policies for Sexuality Education

Schools are to implement Sexuality Education as follows:

- All schools are to provide Sexuality Education for their students;
- MOE Sexuality Education programmes, which comprise Sexuality Education lessons and Empowered Teens (*eTeens*), are to be implemented as part of the Character and Citizenship Education (CCE) curriculum;
- *Sexuality Education lessons* is for the Primary 5 to JC/CI students; *eTeens* is an additional programme for Secondary 3 and JC/CI Year 1 students;
- All government schools are to adopt the *Sexuality Education lessons*. Independent and faith-based government-aided schools may have their own sexuality education programmes in place of *Sexuality Education lessons*, but these must be aligned to the MOE Framework for Sexuality Education and the *Sexuality Education* lesson objectives.
- All secondary schools and JCs/CI are to implement *eTeens*, of which the mass talk segment is to be conducted by approved external agencies. Independent and faith-based government-aided schools may supplement *eTeens* with their own programmes;
- Schools are to deploy only specially-selected and MOE-trained Sexuality Education teachers to teach the *Sexuality Education lessons* and the classroom-based lessons of the *eTeens* programme;
- Schools may tap on relevant expertise and community resources to supplement the schools' sexuality education programme, in strict compliance with MOE guidelines on the engagement of external agencies;
- Parents may opt their children out of *Sexuality Education lessons*, *eTeens* and/or sexuality education programmes by MOE-approved external agencies.
